RE: Elkin Parcel

Dear Mr. Greer:

We are in the process of preparing an application for a Comprehensive Plan Amendment for an area lying within Hendry County. The future Development of this area will require a text and map amendment to the Hendry County Comprehensive Plan to allow for the proposed development activity.

The project site consists of approximately 1,365± acres located in portions of Sections 5, 8 and 17 of Township 43 South, Range 31 East, Hendry County, Florida. Attached are the parcel numbers for this project and a location map for your use.

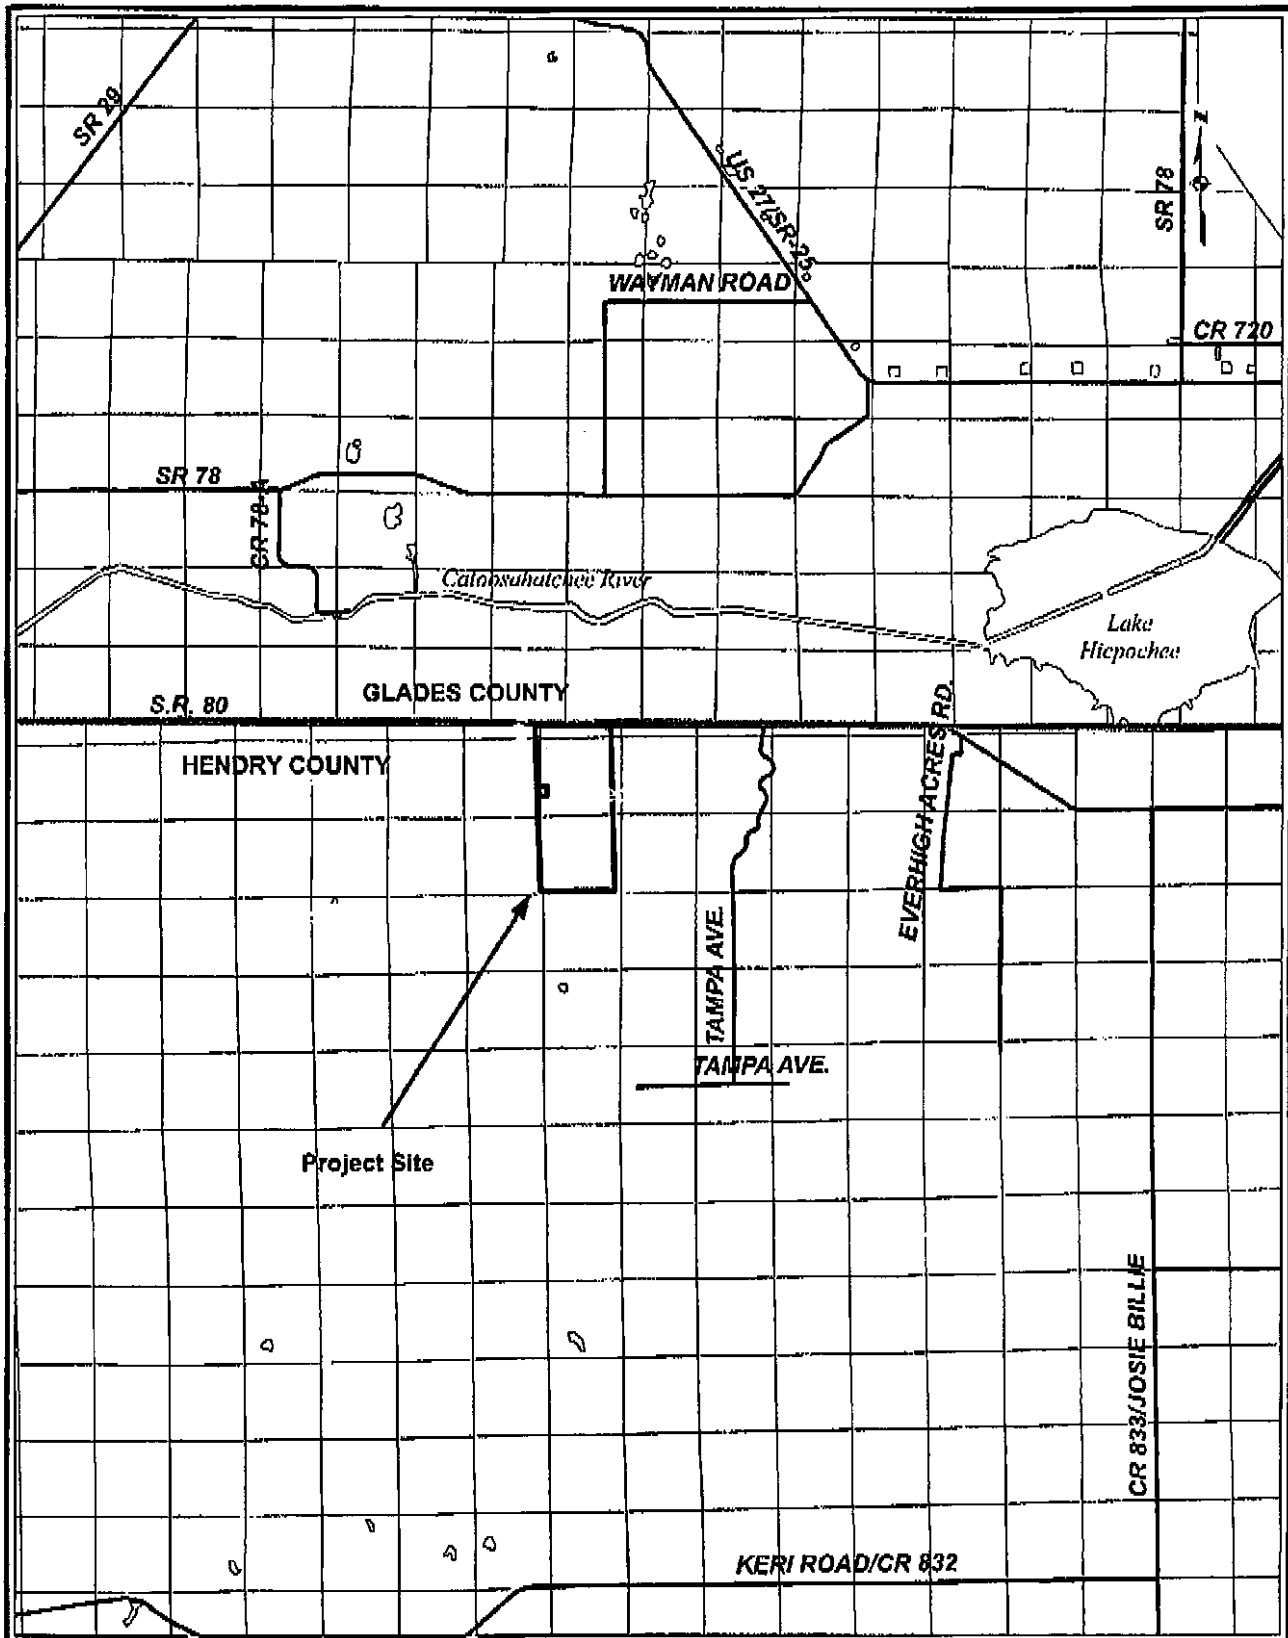

The project is proposed to consist of approximately 4,850 residential units over 1,056 acres, plus 35 acres for commercial uses, 75 acres for public uses such as government, schools, etc., and 200 acres for recreation uses at build-out. The project is projected to grow at a rate of 324 residential units per year, reaching build-out within 15 years.

The Comprehensive Plan amendment application requires that we provide letters for the various providers of service to this area establishing the capacity/provision of existing and proposed utilities to this site. We are requesting your assistance in providing this letter to us.

If you have any questions please contact me at 239-435-9080 ext 6.

Sincerely,

Jennifer Castillo
